Governor's Message.

We laid this excellent and able State paper before our readers on yesterday, in a few hours after its delivery. It was necessarily lengthy, so numerous were the topics which required notice and discussion; but it will be read with great interest.

Gov. Worth disposes of national questions, i. e. the "test oath," the Howard amendment, the Freedmen's Bureau and the Freedmen, in a manner not at all likely to call forth the approval of the enemies of the State and of the South, but at the same time with such frankness and propriety, as will meet the approbation of all the friends of law, justice and right.

The very thorough review of State affairs in the message, will satisfy all of the difficulties connected with the proper administration of the Executive Office at the present time, and of the ability and untiring assiduity with which he has discharged them.

The recommendations of the message are judicious, and merit the careful consideration, as they will not doubt receive, the favorable notice of the General Assembly.

General Amnesty.

The introduction of the bill, by Mr. Waugh, of Surry, granting a general amnesty to certain classes of offenders against the law, during the prevalence of the war, strikes us as opportune and proper. There are times, when men's minds become intoxicated under the pressure of calamity, when the moral sense becomes benumbed, and when they act without reason or restraint. Such was the case with many persons, during the late disastrous war. Now, since peace has returned and reason has resumed its place, many look back upon the past with deep sorrow and regret, and would be glad to blot from memory those acts of which they were guilty, in violation of law and right. Some of those acts were heinous and revolting, and would deserve the severest punishment under other circumstances. In these cases of the enforcement of civil law, which are likely to revive and embitter the present and the future, yet accomplish no real good in correcting and improving society, it may be best for the sake of the future, that a veil be thrown over the entire past of that period, which only can be remembered by the innocent or guilty, with sorrow and bitterness.

Washington Speculations.

Just on the eve of the assembling of Congress, the letter-writers and papers are not sparing of their speculations as to the course of the President and the Radicals. We presume no one, except his advisers, can tell what President Johnson's course will be, before he enunciates it officially. Still more difficult is it to guess what the Radicals will determine to do. Any amount of bitter and ungrainy propositions will be made at once upon the opening of the session, but they will be committed to the investigation of committees, and there they will slumber for months. The North is evidently in a fog as to what it may do. The premonitions of commercial distress at the North and the complications in Radical politics, may work out some more tangible, and we hope, safe method for the adjustment of national difficulties, not yet developed.

NEGRO SUFFRAGE.—The Chicago Times, the leading Democratic paper of the Northwest, recently came out strongly in support of negro suffrage. This proposition meets with much opposition from the rank and file of Northern Democracy, and is likely to occasion serious divisions in the party. As the Northern people assume the control of all matters relating to the South, which in the foundation of the government were committed to the custody of the Constitution, perhaps it is well for the South for a while at least, to remain passive as it has done, and let them manage it to suit themselves. When propositions however, affecting the organic law, are submitted to the South for its voluntary action, we can then buttress our own opinions.

The Speaker of the House.

In a few hours after the election of the Speaker of the House, R. Y. McAden, Esq., he was compelled to leave, to be in attendance for a few days at his Court in Alabama. He very properly designated Col. R. H. Cowan, of New Haven, his competitor, to preside in his absence, who fills the Chair with the ease, dignity and promptness of a practiced presiding officer.

State Agricultural Society.

Our readers will please bear in mind, that the State Agricultural Society meets in this city on Tuesday next, the 27th inst. It is hoped, that all the citizens of the State, who have an interest in promoting the industrial affairs of our people, will endeavor to be present. The meeting of this Association is not only important to a fresh impetus to the agricultural associations of the several counties, but especially to give some direction to the establishment of a system of labor, regulating it, in the State.

ENLARGEMENT.—The Wilmington Dispatch announces its intention to enlarge that paper in a short period. We have been contemplating a similar arrangement for the Sentinel in a few weeks.

A PETITION OF THE PRESIDENT AND DIRECTORS OF THE CHESTER AND COASTLAND RAILROAD COMPANY will go before the ensuing session of the General Assembly of this State, asking that body to grant aid to the company in carrying on their enterprise, by subscribing for one million of the stock of the company, and paying for the same by a transfer of an equal amount of the Stock and Bonds now held by the State in roads, of the State.—Wadesboro Argus.

NORTH CAROLINA LEGISLATURE.

SENATE.
Wednesday Morning, Nov. 21st.
The Senate was called to order at 11 o'clock A. M.

The Journal of yesterday was read and approved, and the reading of the Journal of Monday having been dispensed with on yesterday, and it being contrary to the rules for the government of Legislative bodies, Mr. Wilson moved it be read, and it was agreed to.

Mr. McRae, Senator from the 34th District, made his appearance in the Senate Chamber, came forward and was qualified.

Messrs. Wiggins, Covington and Leach were designated as the Senate branch of the committee on joint rules.

A message was received from the House, proposing to go into the election of one Engrossing Clerk, fixing the hour at 11 o'clock. Mr. Love moved it be laid on the table and called the eyes and ears, and his motion was lost, and on motion of Mr. Cowles, the message was concurred in.

The hour of 11 having arrived, Messrs. Cowles and Ferbee were appointed to conduct the election. The name of Mr. Joyner having been withdrawn, the following gentlemen were voted for: Messrs. Hampton, Long, Taylor, Busbee and Whiting. There being no election on the first ballot, the names of Messrs. Busbee and Whiting were withdrawn, and a second ballot being taken, resulted in the election of Mr. Hampton, of Yadkin.

Mr. Wilson, from the committee to whom was referred the duty of drafting rules for the government of the Senate, made their report, and on his motion it was *relegitim*, and after a brief discussion was slightly amended and adopted.

A message was received from the House, proposing to go forthwith into the election of Secretary of State, Mr. R. W. Best in nomination. Mr. Wilson moved it be laid on the table, and his motion was lost. The message was concurred in. Messrs. Robins and Lloyd were appointed to conduct the election. The vote on joint ballot was 147, of which Mr. Best received.

A message was received from the House, proposing to go forthwith into the election of Comptroller. Messrs. Cowper and Brogden in nomination. On motion of Mr. Wilson, it was laid on the table.

On motion of Mr. Jones, of Wake, the Senate adjourned until to-morrow at 11 o'clock.

HOUSE OF COMMONS.

Wednesday, Nov. 21st. 1866.
The Journal of yesterday was read and approved.

Mr. Kennan introduced a joint resolution to set apart the second Saturday in December for the appointment of Justices of the Peace. Adopted.

Mr. Waugh, "a bill to grant a general amnesty and pardon to all persons guilty of violating the criminal laws of North Carolina, except in certain cases." Ordered to be printed.

Robert Gambril, Esq., commoner elect from the county of Alleghany, appeared and was qualified.

On motion of Mr. Moore, of Hertford, a message was sent to the Senate, proposing to raise a joint committee on so much of the Governor's Message as related to the African Race, and the subject of apprenticeship.

On motion of Mr. Lowe, a message was sent to the Senate, proposing to elect the third Engrossing Clerk at half past eleven o'clock, to-day.

On motion of M. Waugh a message was sent to the Senate, proposing that the two Houses elect a United States Senator on Tuesday next at 12 o'clock, M.

The Senate, by message, concurred in the proposition to elect an additional Engrossing Clerk at half-past 11 o'clock.

The names of Messrs. Blackstock, Freeman, Joyner and Barbee were withdrawn from nomination, and the House voted as follows:
For Mr. Hampton 60 votes, for Mr. Long 34, for Mr. Whiting 12, for Mr. Taylor 2, for Mr. Busbee 4.

In this ballot there was no election.

On motion of Mr. Stone, a message was sent to the Senate proposing another ballot for Engrossing Clerk.

The names of Messrs. Whiting and Busbee were withdrawn from nomination.

The Senate concurred and the House voted as follows: Hampton 71, Long 40.

On motion of Mr. Holderby a message was sent to the Senate proposing that the election of Secretary of State, and announcing the nomination in the House of R. W. Best, Esq., the present incumbent. The Senate, by message, announced concurrence, and the House voted, casting 107 votes for Mr. Best and none against.

The joint vote for Secretary of State was as follows: 147 votes cast; necessary to a choice 74. Mr. Best received all the votes.

Mr. Hodnett introduced a resolution that the Speaker of the House request the clergy of the city to open, alternately, the sessions of the House with prayer.

On motion of Mr. Hutcheson, a message was sent to the Senate, proposing that the two Houses proceed forthwith to elect a Comptroller.

Mr. Hutcheson nominated Pulaski Cowper, Esq., of Wake county.

Mr. Hutcheson nominated C. H. Brogden, of Wayne, the present incumbent.

The Senate refused to concur in the proposition.

The House then adjourned until eleven o'clock, to-day.

Qualified Negro Suffrage.—The President's Views.—Official Declaration of Them.

From the National Republican, 19th.

President Johnson is in favor of granting suffrage to all colored men, wherever the Constitution gives him the power to do it, who can read and write, or who served honorably in the Union army, or who own property to the extent of \$200 and upwards.

The only difference between the President and Congress is, that the former believes that, under the Constitution, each State has the right to settle the question of suffrage for itself. Congress assumes the right to impose it upon the States, Constitution or no Constitution.

THE CONFERENCE BETWEEN CHIEF JUSTICE CHASE AND THE PRESIDENT.

The President and Chief Justice Chase have conferred; their recent prolonged conferences and the departmental avowals that no more changes will be made at present in Federal offices substantiate the rumor. It is furthermore stated that the President will not insist upon the retention in office of any appointee who may be obnoxious to the Senate.—N. Y. Herald.

THE PRESIDENT OF THE SENATE TO RESIGN.

I have it on good authority that Mr. Foster, President of the Senate, is to resign after the meeting of Congress, and that either Ben Wade or Yates, of Illinois, is to be elected in his place.—N. Y. Herald.

Ex-Mayor Wood, of New York, denies that he is either in favor of negro suffrage or the constitutional amendment.

Quite a pressure is now being made for pardon under the Amnesty clause, under the idea that Congress will annul it at the coming election.

For the Sentinel.

The Tableau at Holland's.

Messrs. Editors:—I had the pleasure of witnessing, on Wednesday evening last, the 14th inst., an admirable and highly entertaining exhibition of *Tableaux Vivants*, at Holland's Church, ten miles South of this place. The young ladies and gentlemen of that vicinity were desirous of aiding the Memorial Association in giving to Southern soldiers known and honored graves. For this praiseworthy purpose, they projected this exhibition, and prosecuted it, under many difficulties, to a successful issue. The old church at Holland's, now used as a Masonic Lodge, was neatly and comfortably fitted up for the occasion. A commodious stage was erected, and tastefully decorated, and at early candle-light the room was thronged with spectators from the adjacent country. A goodly number of young men from Raleigh were also in attendance, among whom were several amateur musicians, who enlivened the intervals between the scenes with fine music, vocal and instrumental.

The opening scene, entitled "Taking the First Degree," excited much merriment, especially among those of the audience who belonged to the Masonic fraternity. "The Music" (represented by nine beautiful young ladies elegantly costumed, and crowned with flowers), "The Evening Star," "The Statue Bride," "Autumn Leaves," and "The Exile of Siberia," were admirably conceived and executed. I must not forget to mention, as worthy of special commendation, the "Scene from Midsummer-Night's Dream," in which Oberon and Titania prominently figure, the former seeking of the latter,

"a little changeling boy
To be his henchman."

This fairy scene was a perfect gem of a picture. Dress, attitude, grouping and all, were exquisite. This and several other scenes were warmly applauded and *encored*.

"Woman's Rights" and "The Old Maid," were also admirable in their way, and elicited much laughter. In the former, a young husband, pretty thoroughly hen-pecked, was dejectedly sending darning a stocking, while his better-half was enjoying *tantum cum dignitate*, with a bonnet of the Jersey wagon style, and other apparel of antediluvian manufacture, acted her part to perfection, and the minor parts of this little pantomime were well sustained.

I have witnessed, here in Raleigh, and elsewhere, like exhibitions, gotten up with every facility at hand, for the arrangement of scenery and attire; but I can frankly say, that none of them excelled these almost *impromptu* performances of our rural friends. In the *Tableaux* line the town may well look to its laurels. A pretty general wish has been expressed for a repetition of these *Tableaux* at Holland's, but I have not learned whether they will be repeated or not. Quite a handsome sum was realized for the Memorial Association, and with fuller notice and better weather, still more could be raised. EYE WITNESS.

Great Meteoric Shower in England.

GREENWICH OBSERVATORY, England, Nov. 14, 6 A. M.—The expected meteoric showers were observed last night. At nine o'clock a few meteors fell; at 11 o'clock they had increased in number and size, and between one and two o'clock this morning the maximum was reached. The night was clear, and the stars were out in great numbers. The whole heavens were brilliantly illuminated. The showers of meteors were of great beauty and brilliancy, and radiated from the constellation Leo, near the star Gamma Leonis. Their direction was mostly from the East to the West. The paths of the meteors were from three to four degrees in the North. Near Ursa Major twenty or thirty were observed at one time, and crossing the zenith fifty or sixty more of unusual size and duration, the majority being larger than stars of first magnitude. Several exuded from the vicinity of Jupiter; one, of immense dimensions, was colored red, blue, green, orange and amber.—Nearly all had trails of fire. Of two flaming from Leo at the same time, one crossed Beta Geminorum and the other Mars. Two more, one red and the other of an oriental sapphire color, crossed Alpha Orionis.

Some of the meteors burst forth in splendor, one breaking behind the rising clouds, flashed like sheet lightning, and another of emerald hue burst near Eta Leonis at fifteen minutes after two o'clock, A. M., its trail of flame being visible for a minute and a half, and then faded away in brilliant nebulae. At three A. M., they commenced to diminish gradually, until at the present moment, they are all, meteors and stars, fading away in the morning light. We counted five thousand in one hour, nearly twelve thousand in all, with the naked eye.

North Carolina Ahead of New York.

The good people of Cohoes, New York, are greatly excited over the discovery in the ancient bed of Hudson river, near that town, of the remains of a full grown mastodon—an enlarged edition of an elephant. They evidently suppose there is nothing like it on the continent.

They are mistaken.

A gentleman is engaged at this moment, in Nash county, North Carolina, on the banks of Fishing Creek, in unearthing the remains of a monster, probably of the saurian species, which surpasses in size any relic of the primitive era of the earth's history which has yet been discovered.

He began disengaging the monster from the bank in which it is imbedded several weeks ago, and has already unearthed eighty-five feet without coming to either end or tail.

This is the largest fossil animal, we believe, ever discovered.—Petersburg Index.

"Brick" Pomeroy, editor of the La Crosse Democrat, will this winter visit all the Southern States, traveling by public and private conveyance from city to plantation, extending his knowledge of the country, and writing fully, impartially and truthfully of the wants, capacities, resources and business of the South; the sentiments and sufferings of her people; the ravages and marblings of war; the bravery and the vandalism of troops; the condition of negroes before the war and since; the true workings of the Freedmen's Bureau; and all such information, which will be of untold value to the country.

It is stated, on good authority, that Gen. Gordon J. Pillow, late of the Confederate service, has cultivated his large cotton plantation, near Helena, Arkansas, with such success, as to justify the estimate of his cotton crop at three thousand bales.

A Washington dispatch says the Secretary of the Treasury, in the forthcoming report, will repeat his recommendation regarding the currency, and will ask authority to issue long 6 percent bonds to be exempt from taxation.

Ex-Mayor Wood, of New York, denies that he is either in favor of negro suffrage or the constitutional amendment.

Quite a pressure is now being made for pardon under the Amnesty clause, under the idea that Congress will annul it at the coming election.

DIED!

In this city, about 12 o'clock to-day, Emma, youngest daughter of Rev. Dr. Skinner, in the 12th year of her age.

YADKIN VALLEY LAND FOR SALE.

IN PURSUANCE of an order of the Superior Court for the County of Caldwell, made at the Fall Term 1865, I shall offer at public sale on the premises, on the 8th day of January next, a valuable tract of Land, containing

900 Acres,

and lying on the Yadkin River, in the County of Wilkes, at the mouth of Elk Creek, and known as

The Elk Farm.

The tract embraces a large proportion of first-rate river bottom, and has upon it a good Dwelling House, and Saw Mills, with water-power sufficient to drive any amount of machinery, and is among the best stands for business anywhere to be found in the country.

Also, on Wednesday, the 9th day of January, I shall offer, also at public sale on the premises,

Two Valuable Tracts of Land,

both adjoining, and lying on the Yadkin River, in the County of Caldwell, N. C. One known as "The Joshua Witherspoon place," containing two hundred and seventy acres, about one-half of which is the best quality of river bottom. The other is the plantation on which Capt. John Witherspoon lately lived, and contains about

1,200 Acres,

embracing a large proportion of river bottom and well-timbered upland.

These lands belong to the estate of the late John Witherspoon of Caldwell County, and are situated on the main road leading from Lenoir to Wilkesboro', N. C., in a pleasant, healthy country, surrounded by good society and everything that makes life agreeable. Persons desirous of purchasing land in the upper Yadkin Valley, will seldom meet with so good an opportunity.

The sale will be made on credit of six months. Bond, with good security, bearing interest from date, will be required of the purchaser. The title, which is unclouded, will be withheld until the purchase money is paid. Further particulars will be made known on the day of sale.

Having been appointed agent for the above Company, I respectfully call the attention of the citizens of this section of North Carolina, to the fact that this is a Southern Company with an authorized Capital of \$500,000. Its business is ably conducted, by substantial, reliable and wealthy citizens of Tennessee. It has the finest references, and has always been exceedingly prompt in its payments, as can be shown by its records, being sustained by wealthy gentlemen. It takes both Life and Fire risks on terms as low as any Eastern Company.

This Company is just being introduced into its sister State and I hope it will be well patronized. Let us support and encourage each other and keep all our money at home.

THE SENTINEL.

Wednesday Evening, Nov. 11, 1886.
LOCAL DEPARTMENT.

NEW ADVERTISEMENTS.—Not having space to call attention particularly to our new advertisements, we beg special attention to them under that head.

ROBBERIES ABOUT.—There is evidence that there is an organized band of robbers in this vicinity. On Sunday night last an attempt was made at the Methodist Church in this city, while Dr. Deems was preaching, to rob Mr. Kendall, the member from Anson, in the church. The rogue cut into his right breast pocket, in the hope of reaching his pocket book, but failed, as Mr. K. had taken the precaution to place it in a safer condition. The villain got nothing. We are inclined to think the police of the city should be strengthened, for a while at least.

ANOTHER OUTRAGE.—A friend informs us that an attempt was made, on Monday night last, to plunder the dwelling of A. F. Page, Esq., of this County, who resides nine miles West of this City, on the N. C. Railroad, by two men, believed to be white, and who professed to be hungry and to have come from this City. They knocked at the door and Mr. P. enquired who was there, when one gave a familiar name in this City. Mr. P.'s suspicions were excited and he stepped back to get his gun. Our informant promised to write out the particulars for us, but has failed to do so. We believe that Mr. P., being satisfied that they were robbers and attempting to deceive him, succeeded in foiling them. The case calls for alertness on the part of our people, both in town and country.

FEDERAL COURT.—A term of the District Court of the United States will be held in this city, on the 4th Monday of this month, by his Honor Judge Brooks.

AGRICULTURAL IMPLEMENTS.—Attention is called to the advertisement of Messrs. B. P. Williamson & Co., proprietors of the North State Iron and Brass Works. It will be seen from this advertisement that they are extensively engaged in the manufacture of Plows, and that they have on hand a large variety of Farming implements of every description, put up not only by themselves, but by the best Northern Makers. They also put out of hand in superior style all kinds of Mill castings and Mill Irons. From their immense stock, Farmers and Planters will not find it difficult to supply themselves on the spot, with all needful implements in their line; on cheap and liberal terms.

REV. DR. DEEMS' LECTURE.—The Commons Hall, kindly tendered to the Young Men's Christian Association by the Legislature, was filled, on Monday evening, by a delighted audience. We were sorry, indeed, that it was not crowded to overflowing, as the reputation of the lecturer and the object of the lecture led us to hope. Our people throng to minor and less reputable entertainments, but neglect those more profitable and attractive resorts, where the mind and heart may be cultivated and ennobled.

But a very creditable auditory assembled to hang upon the lips of Dr. Deems, and every one seemed in the highest degree entertained. The eminent lecturer was very happy in the selection of his theme, and felicitous and successful in its treatment. We regret that our space forbids any epitome of the lecture, as we would wish those who failed to attend to know what a treat they missed, however imperfectly such a sketch might portray the feast. The lecture was replete with sound sense, rich illustration, sparkling humor, and profitable thought. The graceful and flowing familiar style, coupled with the exquisite polish and delicacy of thought that characterize Dr. Deems' efforts, rendered this free from the stiffness of a lecture, while the appositeness of his frequent humorous illustrations, and the tenderness and delicacy of some passages rising to true eloquence, showed the variety and extent of his powers, and caused the whole to be a complete success.

Right and left he dealt the blows, in many felicitous "hits," turning the joke upon the "husbands" whenever they laughed at the "wives," and giving the "lords" too a chance to laugh also. His benediction upon old bachelors and old maids was full of power, and his farewell blessing will be long remembered.

MASONIC.—At a regular meeting of Hiram Lodge, No. 40 Ancient Free and Accepted Masons, held in this city, on the 10th inst., the following Officers were elected for the ensuing year:

John Nichols, W. M.
D. W. Bain, S. W.
A. Kline, J. W.
M. Graustman, Treasurer.
J. C. Maroon, Secretary.

ENTERPRISE.—Our excellent contemporary, the Petersburg Index, is an enterprising paper. By the use of its liberality, it is sometimes a good deal in advance of its contemporaries. On yesterday, however, it was a little too enterprising. Having obtained a copy of Gov. Worth's message before its delivery, it issued it to its readers, some eight or ten hours in advance of its being communicated to the General Assembly.

THE EYE AND EAR.—We refer our readers to the advertisement of Dr. Gardner, Oculist and Aurist, (formerly of London, now of New York, who will be at the EXCHANGE HOTEL, on Saturday, Nov. 24th, and remain until Thursday, the 26th. After that time, he will visit Raleigh monthly, of which due notice will be given.—The Dr. comes highly recommended by the press of the different cities he has visited. Those who require medical or surgical aid for defective sight or hearing should avail themselves of the opportunity now offered for obtaining relief, by consulting Dr. Gardner.

Special Notices.

A New and Grand Epoch in Medicine!

Dr. MAGGIE is the founder of a new Medical system! The Quantitarians, whose vast internal doses cuffed the stomach and paralyzed the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills; and cures the most virulent sores with a box or so of his wonderful and all healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggii's Pills and Salve have opened the eyes of the public to the inefficiency of the (so-called) remedies of others, and upon which people have so long blindly depended. Maggii's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggii's Pills suffice to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disinfectant power of Maggii's Salve. In fact, it is announced that Maggii's Pills, Diarrhetic and Diarrhetic Pills cure where all others fail. While for Burns, Scalds, Chilblains, Cuts and all abrasions of the skin, Maggii's Salve is infallible. Sold by J. MAGGIE, 11 Pine St., New York, and all Druggists, at 25 cts. per box.

OPINIONS OF THE PRESS.

The Louisville Journal says: "The testimonials which Dr. Gardner presents to the public could never have been obtained except by the display of great skill and learning in his profession. One thing especially commendable in the Doctor's practice is, that he will not attempt an incurable disease for the sake of a fee, but frankly tells the patient whether he can be cured or not. We cheerfully recommend Dr. Gardner to the attention of all our friends who may be suffering from diseases of the eye or ear."

The Richmond Times says: "We have no hesitation in saying that Dr. Gardner is the most scientific and successful eye and ear Surgeon in this country."

"Dr. Gardner's treatment of the eye and ear is wonderful."—Richmond Enquirer.

"We feel justified in recommending Doctor Gardner to those suffering from diseases of the eye and ear."

"We can safely recommend Dr. Gardner as a successful operator on the eye and ear. He will not undertake to treat a case unless a cure can be effected."

The Wheeling Register says: "Dr. Gardner is one of the most successful Oculists and Aurists in the country. We advise those suffering from the diseases of the eye and ear to consult him."

TO THE PUBLIC.

I desire a rather small school, or school connection, in a beautiful section. I refer to my varied experience in all kinds of secular Schools and to my work—my Pupils including Ministers of State, Presidents of Colleges, learned Divines and eloquent Speakers; but I have others from men whose exalted positions give them responsibility and trustworthiness.

ROANOKE LAND FOR SALE.

A. Attorney, I shall sell, on the premises, for Cash, ON THE 20th DAY OF NOVEMBER, 1866, At Public Auction, to the highest bidder, the celebrated plantation of

MR. T. P. BURGWIN, KNOWN AS **ALVESTON,** CONTAINING

1,300 Acres, More or Less, lying in Occochee Neck, Northampton county, North Carolina.

This is one of the most beautiful plantations in the whole country, and is situated in a fertile and productive soil. It is in the heart of the State, and is in a high state of cultivation. It is admirably adapted to the production of

COTTON, WHEAT, & INDIAN CORN.

It is well stocked with negro laborers, the former slaves of the estate, who are attached to the place, and can be easily induced to remain by a prudent purchaser. It also has on it several very good white tenants—good and honest farmers—and is in much demand by this class of tenants. The Barns and Laborers' Houses are very good.

THE MANSION HOUSE

is sufficiently good. It is situated on the Roanoke river, below the head of navigation, and is in the immediate neighborhood of four railroads leading to Norfolk, Petersburg, Wilmington, and Raleigh. A plantation of equal value has not been offered for sale in Northampton within the memory of the oldest inhabitant.

W. W. PEEBLES, Attorney, &c., Jackson, N. C.

General Agent,

For the State of North Carolina, Petersburg, Va., and surrounding Counties.

In addition to the loss and prompt payment of June 1st, 1866, policy for \$5,000, is now added, another loss, by the death of J. E. Weeks, of Elizabeth City, N. C. for \$5,000, and again promptly settled by the Etina.

By this practical illustration of the advantages of Life Insurance, it is commended to the confidence and support of every one desirous of providing for surviving loved ones.

As an investment merely, a Life Insurance Policy is as safe an investment of funds as can be made. The principal, generally, is not only many times in excess of the amount paid, but in a short company it has no rival for security, and no species of Government bonds are a more desirable investment.
